### Road Maintenance

Between February and the end of March 2024 we will continue with our routine maintenance of the estate roads, repairing potholes and keeping the roads safe for all park users. We routinely inspect the roads and walkways around the business park to ensure they are up to standard but if you identify an issue, please report it to us by emailing [enquiries@greenham-business-park.co.uk](mailto:enquiries@greenham-business-park.co.uk).

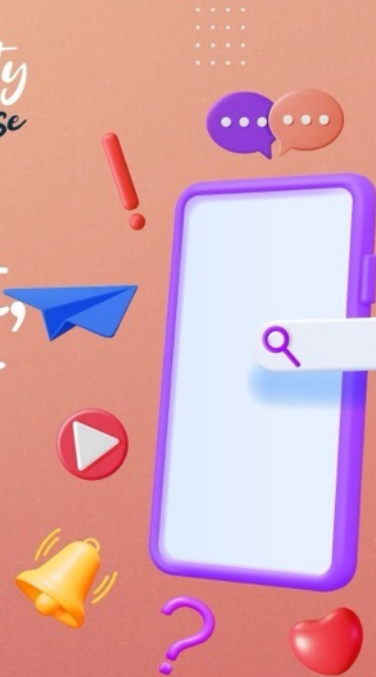

As we approach Spring and Summer of 2024, we will be starting a major road improvement project, resurfacing a large section of road and constructing a new road to create a new route to the northwest corner of the business park.

We are finalising details of the project and will provide further updates in the coming weeks.
